Technologies

JavaScript•React•Node.js•Express•EJS•MongoDB•HTML•Git•
Web Design•CSS•Authentication•APIs•Cyclic

Projects

YogaMatch: github.com/SaraGunda/Personal-Project
Deployed: jade-glorious-haddock.cyclic.app
Individually created YogaMatch, a Full-Stack web app using HTML, JavaScript, EJS, CSS, Node.js, React, and MongoDB. Creates a customized playable yoga flow video for users, based on their quiz responses within the app.

CodeSquad Comics: github.com/CodeSquad-Boston/course-project-SaraGunda
Created a mock comic library, according to design specification, using HTML, Javascript, EJS, CSS, React, NodeJS, Express, MongoDB, and Mongo Atlas. Web app offers administrative login where users can create and edit the Comic inventory.

Carol's Bookstore: github.com/SaraGunda/CarolsBookstore
Through focused lessons, created the backend for this mock bookstore web app using EJS, NodeJS, Express, MongoDB, Mongo Atlas, and Express.

Professional Experience

Hebrew SeniorLife, *October 2022 - Present*
- Supporting the Department of Medicine through high level administrative tasks.
- Responsible for assisting Administrative Executive Director and Medical Director daily through collaboration, communication and creative monitoring of department wide activity.
- Supporting the Orchard Cove and Newbridge medical clinics in an office coordinator role and as a designated Meditech SuperUser.
- **The SuperUser has the capability to train employees and answer administrative and technical questions within the Electronic Medical Record system.**

Fenway Community Health: The Fenway Institute, *July 2021 - July 2022*
Fenway Community Health: Boomerangs, *June 2011 to July 2021*
- Began in 2011 in the retail department of Boomerangs non-profit shops, with responsibilities including, but not limited to, creating, implementing, and customizing the Boomerangs online presence including an **eCommerce shop via Shopify.** Involved HTML elements.
- Promoted to the role of Administrative Coordinator at the Fenway Institute. In this role I supported the Research team and Executive group daily, as well as the Government and Relations team by assisting with audits, grants and relations.
